

THE OFFICIAL GAZETTE 30TH APRIL, 2021

LEGAL SUPPLEMENT – B

NOTICE

COVID-19 EMERGENCY MEASURES (No. 17)

The Government of Guyana has made a rapid assessment of the response to the COVID-19 pandemic and has found that it was fragmented and incapable of administering the public health, economic and social measures needed to keep the population safe.

The Government has initiated a complete overhaul of the current public health response. The Government has looked at the approach used in other territories, especially in the Caribbean, and has resolved that a multi-sector and multi-faceted approach has been the most successful model, with an aggressive policy of detection, contact tracing and if positive, isolation. The Government will continue to engage each sector to develop clear protocols and guidelines based on the epidemiological evidence to keep the citizens of Guyana safe while allowing for a gradual reopening.

Accordingly, these current measures are extended for a limited period, to allow for further assessments and consultations as the Government continues to update protocols and guidelines.

These emergency measures are made pursuant to paragraphs (1) and (2)(b) of the Direction by the President, given under the Public Health Ordinance, Cap. 145, and published in the *Gazette*, Legal Supplement- B, 16th March 2020.

The measures shall take effect from the 1st May, 2021 and last until the 31st May, 2021 unless earlier terminated, extended or amended by notice of the Minister of Health after an assessment of the prevailing public health conditions.
